

MY SMARTPHONE AND ME

STARTER DISCUSSION: REFLECT ON YOUR OWN USE OF DIGITAL DEVICES

Think about the questions below and answer them, first alone.
Then compare them with a partner. What differences do you see?
How many digital devices (mobile phones, tablets, computers, etc.) do you have at home? Who in your family uses which device(s) for what?

Device	Who owns it?	What is it used for?
smartphone	my mother	make calls, take photos, ...

Think about when and for how long you use your mobile phone/smartphone. How often and for how long do your parents or grandparents use their mobile phones during the day?

What happens in your family to digital devices that are no longer used (you have them at home, you donate them to charity, etc.)?

How many mobile phones have you had in your life?

How often do you ask for a new smartphone? Do you get it?

Why do you want a new smartphone (because it is broken, you saw an ad, your friends have a new model, etc.)?

Does your "old" phone still work when you get a new one?

MY FUTURE PHONE

DESIGN THE SMARTPHONE OF THE FUTURE

Do you have your own phone? Are you happy with it?
Or – what model of phone would you like to have?
TASK: Draw or write which model you have or would like to have.
Include pictures of the apps you like to use most.

What does your
dream phone look
like? Describe it!

What should the phone of the future
have/not have to help to protect the environment?
